Dr. B Li was one of the physicians instrumental in starting CVSA. He has greatly advanced our understanding of CVS's pathology, diagnosis, and treatment. Dr. Li's influence extends nationally and internationally. A teacher at heart, Dr. Li has mentored and trained young medical investigators, many of whom are now studying CVS.

The CVSA /B Li Young Investigator award has been established in conjunction with NASPHGAN (North American Society for Pediatric Gastroenterology, Hepatology and Nutrition). The award is given to the best abstract presented in the field of Functional pediatric GI at the Annual Conference held by NASPHGAN encouraging young clinicians and researchers to study and treat CVS.
Thank you to all that set up fundraisers on Facebook with Facebook Donations!
